

BEAVER SALES

Briquette Press

Spanex model 394 + spare parts
150 - 180 KG per hour
11 Kw Motor 400 V 27.5A
All wire, transformer

Purchased in 2013 and used for seven years. The only reason for replacing the press is due to a change in material suppliers (new product was too fine and not compatible with the machine)

Best suited for sawdust with 15% moisture Note: Comes with manual but it is written in German
